

KOTA NANI SAI KRISHNA

Guntur, Andhra Pradesh • +91 8919807919 • saikrishnakota01@gmail.com

[LINKEDIN](#) | [GITHUB](#) | [PORTFOLIO](#)

SKILLS

- **Programming Languages:** Python
- **Web Development:** HTML, CSS, JavaScript, React.js, Django, REST APIs
- **Version Control:** Git, GitHub
- **Databases:** SQL (MySQL, PostgreSQL)
- **Operating Systems:** Linux (Ubuntu), Windows
- **Tools:** Visual Studio Code, Microsoft Excel, Microsoft Word, Figma, Canva

PROJECTS

- **Task Manager Application** : Built a full-stack Task Manager using ReactJS (Vite), Django REST Framework, and Tailwind CSS. Features include CRUD operations, responsive design, and RESTful API integration. Designed a clean UI/UX for adding, editing, and managing tasks efficiently. ([Github](#))
- **GeminAi Clone**: Created a React.js application integrating the GEMinAi API for real-time data visualization. Implemented features for displaying dynamic data and improving performance with optimized React components. Enhanced user experience with responsive design and seamless API error handling, ensuring robust functionality. ([Github](#))
- **SimpleRecipe Page** : Built a responsive recipe webpage using HTML, CSS, and JavaScript, featuring search filters and DOM manipulation. ([Github](#))

EDUCATION

Bachelor of Technology in Computer Science 📅 2020 - 2024

Chalapathi Institute of Technology

CERTIFICATIONS

- Python Essentials by **IBM**
- Python Basics by **HackerRank**
- JavaScript Basics by **HackerRank**
- Problem Solving through Programming in C by **NPTEL**
- Responsive Web Design by **freeCodeCamp**

ACHIEVEMENTS

- Awarded a Silver Badge for Problem Solving and a Gold Badge in Python on [HackerRank](#).
- Mastered over 150+ coding problems on [Codechef](#), showcasing proficiency in algorithmic problem-solving.
- Excelled in tackling 500+ coding challenges across [HackerRank](#), [GeeksforGeeks](#), [Codechef](#), and [Leetcode](#), demonstrating diverse skill set and adaptability.
